

Dear Pastor,

Here is my material and how I use them for my "**Community Outreach Program**" to build **your church** and *bring people into a relationship with Jesus*.

Step 1 I teach your congregation an easy way to evangelize the community while at the same time they are inviting people to the show.

Step 2 as they go door to door or around the area they invite people to come see a Clown/ventriloquist show that the whole family will love. They hand them a "**FREE**" **ticket to the show**. It will have on it your dates, times, location of the show & the salvation message.

Step 3 Your witness team reads the script on the "**Share Jesus**" **Witness card** to each person and after they say the prayer on the script, they ask them to fill out a "**Decision Card**". You can follow up by sending material to them or my "**Salvation Package**".

Step 4 Everyone comes to the show and enjoys the fun, & signs, wonders and miracles.

Step 5 you now have people just saved or made a new commitment to the Lord. You can follow up with phone calls, prayer or visits and invite them to church.

I enjoy working with pastor that are hungry for the lost and want to reach their community for the Lord.
Together we can reach the lost for Him and show them how to be the "Glorious Bride"

Sincerely,
Rev. Robin Bremer
